## Introduction

This handbook has been written to provide students with important information about the vocational education and training (VET) qualifications offered at the school/college as well as your rights and responsibilities as a VET student.

You will be asked to **sign a register to acknowledge that you have read this handbook**, so take the time to study it carefully and ask their VET teacher or RTO manager if they are unsure of any details. Students are to keep this handbook for future reference whilst enrolled as a VET student at the school/college.

## What is Vocational Education and Training (VET)

The term Vocational Education and Training (VET) covers a range of work experiences and training activities within the secondary school curriculum. VET courses develop industry and workplace specific skills and knowledge.

Vocational Education and Training in Schools (VET in Schools) are programs undertaken by school students as part of the senior secondary certificate that provide credit towards a nationally recognised VET qualification within the Australian Qualifications Framework.

The objective of VET courses is to give students experience in the workplace, broaden post-school options and prepare them for the transition between school and work.

There are many benefits to undertaking a VET course while at school. These include:

- Gaining a nationally recognised qualification
- Developing relevant industry knowledge and skills for employment
- Networking and establishing links with employers through work placement
- Achieving points towards the Queensland Certificate of Education (QCE)
- Provides a pathway to employment or further study

## The VET Quality Framework (VQF)

As a Registered Training Organisation, the College operates under the VET Quality Framework (VQF). The VET Quality Framework comprises:

- The Standards for Registered Training Organisations (RTOs) 2015
- The Australian Qualifications Framework
- The Fit and Proper Person Requirements
- The Financial Viability Risk Assessment Requirements, and
- The Data Provision Requirements

The College is registered to deliver a range of VET qualifications/training products under the direction of Queensland Curriculum and Assessment Authority (QCAA) and/or the Australian Skills Quality Authority (ASQA). <http://www.asqa.gov.au/vet-registration/understand-the-requirements-for-registration/the-vet-quality-framework.html><http://www.asqa.gov.au/vet-registration/understand-the-requirements-for-registration/the-vet-quality-framework.html>

# The Australian Qualification Framework (AQF)

The AQF is the national policy for regulated qualifications in Australian education and training. It incorporates the qualifications from each education and training sector into a single comprehensive national qualifications framework.

<http://www.aqf.edu.au/>

Schools Sector	Vocational Education and Training Sector	Tertiary or Higher Education Sector
Senior Statement Qld Certificate of Education (QCE)	Vocational Graduate Certificate Vocational Graduate Diploma Advanced Diploma Diploma Certificate IV Certificate III Certificate II Certificate I	Doctoral Degree Masters Degree Graduate Diploma Graduate Certificate Bachelor degree (honours) Bachelor Degree Associate Degree Diploma

All VET courses offered by this RTO lead to nationally recognised qualifications – a Certificate (if all the requirements of the qualification are completed) or a Statement of Attainment (for those units that are successfully completed where the full qualification is not completed). This certificate/statement of attainment will be recognised in all states and territories in Australia.

Your Trainer and Assessor will provide you with information about your VET qualification/s including an overview of the specific units of competency/modules in each, assessment requirements and vocational outcomes. The qualifications available for completion at this RTO are listed on the school website and subject selection books.

## Competency Based Assessment

Each VET qualification or course contains a number of units of competency. These units are assessed through a concept known as Competency Based Learning (CBL). Competency based training is an approach to vocational education and training that places emphasis on what a person can do in the workplace as a result of completing training or through relevant experience and learning that has taken place in the workplace or elsewhere.

People are considered to be competent when they are able to apply their knowledge and skills to successfully complete work activities in a range of situations and environments, in accordance with the standard of performance expected in the workplace.

## Enrolment

Students enrol into a VET course as per the enrolment and selection processes used for other subjects at the school/college. The following processes are designed to assist you with the enrolment process:

- SET plans
- Subject selection processes
- Subject information sessions

Where numbers are limited for VET subjects, selection will be based on the order that enrolments were received. In some higher-level courses students' grades and ability may need to be taken into consideration as part of the selection process if places are limited.

At the commencement, a VET induction session will be run to provide you with information about the training, assessment and support services available and will also receive information regarding your rights and obligations as a VET student.

Prior to participation in structured work placement or work experience, students will undergo a relevant workplace induction program and will need to complete an industry work booklet related to their time in the workplace, which will be signed off by an employer representative or supervisor.

## Course Information

Information pertaining to your qualification or accredited course can be sourced from course documentation provided by your Trainer and Assessor, subject specific information included in the Senior Subject Selection handbook through the VET Student Handbook and on the College Website and Student Resources Portal.

The Senior Subject Selection book contains an outline of all qualifications including the relevant assessment methods attached to each individual course of study.

## Unique Student Identifier (USI)

If you are a new or continuing student undertaking nationally recognised training, you need a USI to receive your qualification or statement of attainment. If you don't have a USI you will not receive your qualification or statement of attainment.

The Unique Student Identifier or USI is a reference number made up of 10 numbers and letters that:

- Creates a secure online record of your recognised training and qualifications gained in Australia, even from different training organisations
- Will give you access to your training records and transcripts
- Can be accessed online, anytime and anywhere
- Is free and easy to create and
- Stays with you for life

The USI is available online and at no cost to the student. <https://www.usi.gov.au/>

If you are undertaking a VET course you will find that basic literacy/numeracy elements have been incorporated into the learning and assessment for the course, as per the requirements of each unit of competency. This will assist you to learn these basic literacy/numeracy components more readily, as they are being delivered and assessed in the context of an industry/vocational area of your choice.

Adequate facilities, equipment and training materials will be utilised to ensure the learning environment is conducive to the success of students.

## **Flexibility and Reasonable Adjustment**

All VET courses are flexible, and are designed to give every student an opportunity to demonstrate competence. This means that if you have an identified need, the conditions of the assessment task that you do may be changed, this is referred to as Reasonable Adjustment. Reasonable adjustments will be made to the assessment strategy to ensure equity for all students, while maintaining the integrity of the assessment outcomes as stated in the Training Package.

## **Recognition of Prior Learning (RPL)**

All students can apply for Recognition of Prior Learning (RPL) for industry skills or life skills. Recognition of Prior Learning (RPL) allows you to receive recognition and credit for the knowledge and skills you have, no matter how and where they were attained, including overseas. They include skills from:

- Other Subjects
- Previous Training
- Things you have learned outside school, e.g. community or sporting involvement
- Work experience or industry placement, (including work that is paid and unpaid)
- Your part-time job

It is important to apply for RPL if you already have some knowledge or skills that might be relevant to the vocational parts of the course. The course information will contain competency standards or learning

outcomes, which provide the skills, knowledge and attitudes expected of a person fulfilling a role in a workplace. Read the information on the units of competency / learning outcomes that you wish to be assessed against to compare them with your own knowledge and skills before deciding about whether you wish to submit your RPL application.

If you wish to apply for Recognition of either past qualifications or experience you will need to do so within two weeks of enrolment. You must make an application for RPL using the RPL Application Form, giving details of any skills or knowledge that you already have. It is in your responsibility to provide enough information in the application to support your case.

Students will be provided an RPL kit for the unit/units of competency for which they are applying for an RPL. Students submit the supporting evidence as outlined in the RPL kit by the agreed time.

Your Trainer/Assessor will

- Review the RPL application and provide feedback within two weeks of receiving the evidence.
- Analyse the evidence against the Unit/s of Competency and determine if the evidence meets the Rules of Evidence and requirements of the Unit/s of Competency.
- Where evidence is lacking, further evidence will be requested, this may also include a competency conversation. The additional evidence must be supplied within two weeks from date of request.
- Student will be notified by RTO Manager/delegated representative of outcome
- Student may appeal the decision following the complaints and appeals process

## Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications.

Credit Transfer will be granted where students have previously completed qualifications or units of competency that are recognised as being equivalent to those in a qualification or unit/s of a student's enrolment with the RTO.

As a Registered Training Organisation, the School/College accepts the qualifications issued by other RTOs based in any State/Territory of Australia.

The awarding of credit will be granted based on certified copies of testamurs, records of results and statements of attainment only. The College undertakes to ensure that all Qualifications and Statements of Attainment issued by any other RTOs are authentic, that they have been issued by a registered provider and the qualifications and/or units are nationally recognised.

Students will be notified within 21 days of the credit transfer application and informed of the outcome.

Students who are dissatisfied with the outcome of a credit application may apply for a review of the decision to the VET Manager within 10 working days of notification of the decision. The application for review is to be made in writing in accordance with the Complaints and Appeals Policy.

## Certification

The School/College RTO, will ensure that through the implementation of the AQF Qualifications Issuance Policy:

- Students will receive the certification documentation to which they are entitled
- AQF qualifications are correctly identified in certification documentation
- A clear distinction can be made between AQF qualifications and non-AQF qualifications
- The College RTO, will establish anti-fraud mechanisms by including the College RTO, 's own logo each document issued to ensure there is no fraudulent reproduction or use of credentials.

The RTO maintains a Register of Certification Documents Issued for 30 years from the date of issue. This allows learners to request a reissue of their documentation at a later date. All requests for a replacement qualification or statement of attainment must be in writing (email is acceptable) from the student to the RTO Manager. The replacement will be issued with 30 working days of receipt of the written request.

## Privacy and Confidentiality

The School/College is committed to maintaining the privacy and confidentiality of its RTO personnel and students' records. It is necessary for the RTO to gather some personal information in the course of its dealings with students seeking/receiving a service and who are enrolled in the RTO's programs. We will only collect personal information relevant to students' training program and the business activities that support this.

Information about a student, except as required by law or as required, is not disclosed without the students written permission and that of their parent or guardian if the student is less than 18 years of age. The RTO will ensure that they have consent from each student.

## Complaints and Appeals

In undertaking vocational studies, there may be occasions where the need arises to question the procedures involved in awarding a unit of competency or in recognising the RPL process.

Any person wishing to make a complaint against the School/College concerning its conduct as an RTO, whether a grievance, appeal or other matter such as RPL application or assessment or quality of instruction given throughout the course, shall have access to the complaint's procedure.
